

UDAYA SHANKER ARIKERI

Digital Marketing Professional | Content Strategy & Analytics

anusharikeri10@gmail.com | +91 9581420924 | LinkedIn: UdayaShanker | Hyderabad, India

PROFESSIONAL SUMMARY

Data-driven digital marketing professional with an MBA (Distinction) from the University of East London and a B.Tech in Engineering — a rare combination that bridges analytical thinking with hands-on content strategy. Experienced in building content from scratch, measuring performance using GA4 and Power BI, and translating data insights into actionable improvements. Proven track record in market research, campaign support, and integrated marketing across academic, professional, and independent settings. Seeking roles in content marketing, SEO strategy, or digital marketing analytics where creative thinking and measurable outcomes go hand in hand.

CORE SKILLS & TOOLS

Digital Marketing: SEO (On-Page & Technical), Google Ads (Search, Display, Performance Max), Meta Ads, Content Marketing, Social Media Strategy, Email Marketing

Analytics & Reporting: Google Analytics 4, Power BI, Advanced Excel, Marketing Funnel Analysis, Content Performance Analysis, Google Tag Manager

Research & Strategy: Market Research, Competitor Analysis, Consumer Behaviour Analysis, Brand Positioning, Campaign Planning, Customer Segmentation

Tools & Platforms: Google Search Console, Canva, HubSpot, Apollo Sales Tool, Salesforce, Instagram Insights

PROFESSIONAL EXPERIENCE

Market Research Analyst — Intern — Feuji Software Solutions Pvt. Ltd.,
Hyderabad, India

Jun 2025 – Oct 2025

- Conducted competitive analysis across 10+ companies spanning 3 product lines, synthesising findings into 3 structured market research reports that directly informed quarterly campaign strategy
- Leveraged Apollo Sales Tool and Salesforce to map competitor positioning, track prospect data, and identify market opportunities for business development
- Supported Google Analytics 4-based campaign monitoring, contributing data-driven insights to marketing briefs and brand positioning decisions
- Analysed consumer behaviour and sales data to support campaign planning and customer segmentation across multiple product verticals

Networking Director — Entrepreneurship Cell (E-Cell), GRIET,
Hyderabad, India

Jan 2020 – May 2023

- Spearheaded end-to-end marketing strategy for the annual Entrepreneurship Summit, achieving 35% YoY growth in student participation over 2 consecutive years
- Executed integrated campaigns across social media, email, and on-campus activations, reaching an audience of 1,000+ students per event
- Built and maintained a professional network of 50+ industry leaders, startup founders, and mentors, creating high-value speaking and collaboration opportunities
- Produced promotional materials, sponsorship decks, and post-event impact reports — strengthening the E-Cell brand across campus and industry networks

Marketing Director — Gaming Club & IEEE – Pragnya, Hyderabad, India

2021 – 2023

- Led marketing for the Augmented Reality Workshop (IEEE Pragnya), driving 120+ registrations through targeted social media campaigns and peer-to-peer outreach
- Created and distributed promotional content across Instagram, WhatsApp, and email — managing the full pre-event content calendar independently

Campus Ambassador — Verzeo, Hyderabad, India

Sep 2021

- Executed targeted brand awareness campaigns on campus, driving a measurable increase in course sign-up enquiries within a single semester
- Organised 3 flagship engagement events, collecting structured feedback from 200+ students to inform the company's campus engagement strategy

INDEPENDENT PROJECTS

Fitness Content Creator — Instagram — Self-initiated

Nov 2025 – Present

- Built a gym and fitness-focused Instagram account from 0 to 200 followers, achieving 4,000+ content views organically within 7 months
- Independently developed full content strategy — ideating post concepts, writing captions, and selecting formats to maximise reach and engagement
- Analysed weekly Instagram Insights (reach, impressions, saves, engagement rate, profile visits) to identify top-performing content types and refine posting strategy
- Applied performance data to systematically experiment with content formats, caption styles, and posting frequency — demonstrating a data-driven approach to organic growth
